

CLAIMS

What is claimed is:

1. A composition characterized by a calibrated Uniquant analysis report wherein the report recites the presence of an element in the periodic table
5 wherein said composition has not been in contact with said element.
2. The composition of Claim 1 comprising an element selected from the group consisting of alkali metals.
3. The composition of Claim 1 comprising an element selected from the group consisting of alkaline earth metals.
- 10 4. The composition of Claim 1 comprising an element selected from the group consisting of Group 3 elements.
5. A composition of Claim 1 comprising an element selected from the group consisting of Group 4 elements.
6. The composition of Claim 1 comprising an element selected from the group
15 consisting of Group 5 elements.
7. The composition of Claim 1 comprising an element selected from the group consisting of Group 6 elements.
8. The composition of Claim 1 comprising an element selected from the group consisting of Group 7 elements.
- 20 9. The composition of Claim 1 comprising an element selected from the group consisting of Group 8 elements.

10. The composition of Claim 1 comprising an element selected from the group consisting of Group 9 elements.
11. The composition of Claim 1 comprising an element selected from the group consisting of Group 10 elements.
- 5 12. The composition of Claim 1 comprising an element selected from the group consisting of Group 11 elements.
13. The composition of Claim 1 comprising an element selected from the group consisting of Group 12 elements.
